## Italians Continue to Push Towards Trieste; In Two Months They Have Taken 30,000 Austrian Prisoners

Germans Admit Some Gains by British North of Thiepval—West of Sally-Sailles, French Make Further Advances—Berlin Says Troops Still in Retreat at Bucharest Contends that Attacks Have Been Repulsed—British and Serbians Make Progress in Macedonia

(By Morning Bulletin Leased Wire)

LONDON, Oct. 12.—Another step forward in their quest of Trieste has been made by the Italians in the region south of Gorizia, additional points of vantage to their progress having been captured and 1,771 men taken prisoner.

In this region, which is about sixteen miles northwest of Trieste, and in the Julian Alps, to the east, the Italians from August 6 to the present, report they have captured 30,881 Austrians.

On the Carso plateau heavy Austrian attacks against the positions recently taken by the Italians have been repulsed.

The front at Bucharest has gained additional ground north of Tighina, the mouth of the Anapo River in France, and on the Le Sava-Sourou descent line is indicated in the Berlin official communication, which says British attacks here failed "for the most part" before the German curtain of fire. West of Sally-Sailles the French have made a further advance. To the west of Tigray the Hungarians have made a assault upon the heights protecting the Banja-Porec road.

South of the Somme violent artillery duels are in progress, especially between Gienemont and Chaulnes. In the town of Abancourt the Germans and French are engaged in hand to hand fighting.

Along the entire eastern Transylvanian front the Roumanians are still retreating, but are holding their ground, according to Berlin. Bucharest says, however, that attacks at various points on their northern and northwestern fronts have been repelled.

The British troops have reached the outskirts of the important town of Tainos, in the district of Kastoria, near Tainos, having driven in their opponents from the outlying districts. London reports that the town is strongly held by the Teutonic allies.

Westward the village of Brod, which lies in Serbia, southeast of Monastir has been captured by the Serbians. Both Berlin and Sofia report the repulse of attacks along the Cerna River and on both sides of the Vardar.

Portable Bird Pie—Something new in the way of novelties at the London store is the portable bird pie, which the police court yesterday morning, Inspector Hogan, of the provincial police, prosecuted Harry Sheldon for having liquor in his possession. Sheldon was convicted and a fine of \$50 and costs imposed. His portable bird pie was found standing outside the Castle hotel. There was one full bottle of beer in the bird pie, and several empty ones, and the inference was that he had been drinking at the pie.

### NAME COMMITTEE FOR SELECTION OF CANDIDATES

Property Owners Association Will Make Nominations for Mayor and Aldermen

The first guns in the municipal election campaign were fired at the Property Owners Association meeting last night, when a committee, consisting of the chairman, D. R. Fraser, F. L. Marston, and K. K. Smith, with representatives from the north and south associations, were appointed to bring in a nomination for the office of mayor, and another committee to look after the aldermanic vacancies.

It was decided to give one evening to the discussion of school board affairs, and then to nominate candidates for the city council. It was considered that sufficient attention had been given to the school board in the past.

Delegates gave notice that at the next meeting he would move that the council be requested to consider the matter of a revenue bill by the business houses and professional men.

It was decided that the secretary be responsible as to the ratification of city property, and what the estimated revenue would be.

It was stated that the city might need \$100,000 to meet its obligations, dollars yearly by these means.

Mr. Fraser said that he had approached the wholesalers on the idea of a business tax, and that they were in favour of it, and that it would be in operation in other cities.

At the meeting it was reported that a committee, consisting of Messrs. H. G. McLean, W. H. McLean, and others, had brought to the attention of the mayor and aldermen the fact that on that date, Oct. 12th, the Property Owners' Association requested consideration of a motion to be introduced in the Local Division No. 565, owing to outstanding differences between the city and the Street Railway. Employees were asked to go to work on the matter, but did not believe it to be in the interest of the city to enter into an agreement with Local Division No. 565.

### FILTRATION CO. AFTER DAMAGES

First Asked for \$25,000 Compensation for Work Which Was Not Undertaken

The New York Continental Jewell Co., Inc., has filed a suit against the city on account of the contract given them in 1914 for the construction of a water filtration plant for the city system.

With the war break out and the city population began to dwindle the work was stopped and the firm was not asked for compensation for breach of contract.

The contract price as a whole was \$25,000, and the firm is asking that the sum be paid.

The city offered to settle by paying for the work that had been done and giving the firm the right to do the rest to give to the firm if the filters were not to be used. The firm does not want to return this settlement and say that they prefer to carry out the work that was agreed upon, and to be paid for the extra cost of material due to the war. They are asking for compensation for breach of contract.

The present time and under present circumstances the firm is unable to effect a settlement on the terms previously offered to the contractors.

### 100 MEMBERS IN 100 MINUTES

This Is Record for Which Y. M. C. A. Campaign Committee Will Try

The second day's work in connection with the Y. M. C. A. campaign brought the total last evening up to 74 new members. Doubtless this record will be broken before the men meet for luncheon at 12:30 this afternoon. The Y. M. C. A. committee is being pressed into service to get off to hours to hours between the hours the teams are striking out for 100 members, and the committee is doing its best to fit a fitting success to a successful three days.

The noon luncheon yesterday it was decided that Mr. Jas. E. Johnson had given \$100 to become a "goodwill boy" to ten boys, and this was duplicated by Mr. W. H. McLean, and Mr. W. T. Henry, who is chairman of the Y. M. C. A. The Y. M. C. A. committee also gave \$25 to pay for five boys' uniforms. "Gull" followed this President George's example and has given \$100 to the cause. The Y. M. C. A. committee is pushing the idea of a boy's uniform for the Y. M. C. A. and the members are working on them.

### Bridge Party For Prisoners' War Fund

The bridge party given last night at the home of Mr. and Mrs. W. H. Wrightson and Mrs. Leslie Jennings in aid of the prisoners' war fund was a success from every point of view.

Playing with the keenest interest, the game was a success, and the money raised will be sent later. Additional workers will also be required for the two hours of the game, so that we hope to have this small portion of time available for the sale of refreshments and luncheon at 12:30 at the Palace Hotel to receive money and instructions.

The money raised will be used to help the men in the prison camp.
